New and Notable Information

Read the following important changes, updates, and/or reminders regarding this year's Open Enrollment and the 2024 plan year. Visit the HR website (hr.msu.edu) for the most updated information.

New Dental Plan Option

In addition to Aetna Premium DMO and Delta Dental PPO, we are pleased to offer a new dental plan, Delta Dental PPO Premium, to you and your dependents for the 2024 plan year. Learn more about the plan on [page 23](#) and find details for Delta Dental presentations during the Benefits Fair on [page 7](#).

New Health Care Option for Employees Living Outside of Michigan

We are pleased to offer a new health care plan, BlueCard Out-of-State, to employees that live outside of Michigan but within the U.S. Learn more on [page 10](#).

Premium Threshold for Spousal/OEI Affidavit

You must review and complete the spouse/other eligible individual (OEI) affidavit in the EBS Portal each year to continue coverage for your spouse/OEI. If your spouse/OEI has access to health care coverage through their own current or former employer, they must purchase the coverage their own employer offers if the annual employee premium cost for single-person coverage is \$1,500 or less. You may still cover your spouse/OEI on your MSU health coverage as a secondary plan. Learn more about the affidavit at hr.msu.edu/open-enrollment/faq.

Difference Between Dependent Care and Health Care Flexible Spending Accounts

If you want to participate in an FSA, you must enroll or re-enroll each year. Eligible employees can enroll in two different FSAs: Dependent Care FSA and/or Health Care FSA. Before you enroll, make sure you know the difference between the two options. Learn more on [page 29](#).

Review Your Voluntary Benefit Options, Such as Vision, Legal and Critical Illness Insurance

Some voluntary benefits – like vision, legal, and critical illness insurance – require you to enroll in, make changes or cancel during the Open Enrollment period. If you are already enrolled in a plan, your enrollment will continue automatically unless you cancel. Learn more on [page 31](#).

Do I Need to Do Anything?

Not sure if you need to take any action during Open Enrollment? As an MSU benefits-eligible employee, review your current benefit elections and answer **true** or **false** to the following statements:

		TRUE	FALSE
1	I currently cover a spouse/other eligible individual (OEI) under my health benefits (who is NOT an MSU benefits-eligible employee or retiree), and I want to continue their coverage in 2024. <i>You must complete a Spouse/OEI affidavit every plan year to continue coverage.</i>	<input type="checkbox"/>	<input type="checkbox"/>
2	I want to enroll in, change or cancel health or dental insurance coverage for myself and/or my eligible dependent(s).	<input type="checkbox"/>	<input type="checkbox"/>
3	I am not currently enrolled in the health plan waiver and want to waive my health care coverage through MSU for the 2024 plan year. See page 12 for instructions. <i>Individuals enrolled in the waiver for the 2023 plan year will continue to be enrolled for the 2024 plan year without any action.</i>	<input type="checkbox"/>	<input type="checkbox"/>
4	I want to enroll or re-enroll in a Flexible Spending Account (FSA). <i>You must re-enroll every plan year.</i>	<input type="checkbox"/>	<input type="checkbox"/>
5	I want to enroll in, change or cancel life or accidental death & dismemberment insurance for myself and/or my eligible dependent(s). <i>Dependent children are eligible to the end of the calendar year during which the child turns age 23. It is your responsibility to cancel coverage during Open Enrollment.</i> See page 26 for details and exceptions.	<input type="checkbox"/>	<input type="checkbox"/>
6	I want to enroll in, change or cancel voluntary vision, legal, or critical illness insurance for myself and/or my eligible dependent(s). See page 31 for instructions.	<input type="checkbox"/>	<input type="checkbox"/>

Your Result

If you selected **true** for *any* of the above statements, you must take action between October 1 – 31. See [page 8](#) for instructions. Consumer Driven Health Plan (CDHP) PPO with Health Savings Account (HSA)

Find a Provider or Ask Questions

For questions about specific CDHP coverage details or to find a provider call Blue Cross Blue Shield of Michigan at 888-288-1726. For questions about the HSA, contact Health Equity at 877-219-4506.

About the Consumer Driven Health Plan

The CDHP is a preferred provider organization (PPO), which gives you the flexibility to manage your own care. The provider network for this plan is the same as the Community Blue PPO plan, which means you can choose from a worldwide network of participating PPO physicians and hospitals.

If you do not anticipate having high health care needs and are looking for a sound strategy to save for your retirement health care, this plan may be the most cost-effective option for you.

While you pay a deductible (\$2,000/single and \$4,000/family) first before the plan pays medical and prescription benefits, preventive care and certain generic medications for chronic conditions (asthma, cholesterol, diabetes, and anti-hypertensives) are 100% covered with no deductible or co-pays when using an in-network provider.

Review the Health Plan Coverage Chart on [page 16](#) to anticipate your annual costs. You may find that most of your annual medical costs are 100% covered.

This plan limits the maximum amount you pay for any covered services in a year to \$3,000/single and \$6,000/family using in-network providers. After expenses reach this amount, you do not have to pay for any other health care costs, including prescription drugs.

About the Health Savings Account

Along with the CDHP, you should enroll in the HSA at the same time. MSU contributes up to \$750 to the

HSA each year and you may add funds to the HSA tax-free. If you do not enroll during Open Enrollment, you will lose MSU's contribution. You can use these HSA funds to pay for any eligible medical expenses or doctor visits you do incur. Employer and employee combined annual HSA contributions are limited to the 2024 IRS limits of \$4,150/single and \$8,300/family. These contributions are triple tax-free! You make contributions pre-tax, your account balance earns interest tax-free, and your distributions are tax-free if they are used for eligible medical expenses.

Please Note: Due to IRS regulations, you are unable to enroll in the HSA offered with the CDHP if you participate or have a balance in a Health Care FSA.

If you have an existing HSA from a previous employer you can add those funds into your new HSA. The money in the HSA is yours to take with you, even if you leave MSU for a different employer or retire. In fact, investing in your HSA now to use in your retirement is a sound strategy to fund your medical expenses in retirement.

CIGNA Global Health Advantage (CGHA)

Who is Eligible to Enroll?

MSU employees who are here on a J1 or J2 visa or are actively working for MSU and living outside the U.S. for a minimum of 6 months are eligible to enroll in the Cigna Global Health Advantage (CGHA) health care plan. The CGHA plan covers medical, prescription, dental, qualifying evacuation and repatriation services with access to health care professionals and facilities worldwide.

Individuals who waive coverage will receive a payment of up to \$600 per year. Payments occur in February for the previous plan year. This means if you enroll in the waiver for the 2024 plan year, you will receive your payment in February 2025.

Enrollment is not automatic, you must enroll online for the waiver during Open Enrollment.

Please Note: If you and your spouse/OEI both work at MSU you are not eligible for the waiver option. Find more waiver information at hr.msu.edu/benefits/healthcare/waiver.html.

How Premiums are Deducted for AY Faculty

Instead of receiving 12 paychecks throughout the year, employees with AY appointments receive 10 monthly checks over the duty period (August 16 to May 15). Health plan premiums for AY faculty will be taken out of 8 of the 10 paychecks (September to April). Deductions taken from January through April cover the time period of January through June, and deductions taken from September through December cover the time period of July through December.

A termination or retirement that is effective after July 1 will result in you being billed for your health and/or dental premiums. A termination or retirement before July 1 may result in a refund.

Prescription Information

The prescription drug plan is administered through CVS/Caremark. Employees continue to be automatically enrolled for prescription drug coverage in CVS/Caremark when they enroll in one of the MSU health plans (Blue Care Network (BCN), BlueCard Out-of-State, Community Blue PPO, or the Consumer Driven Health Plan with Health Savings Account (CDHP with HSA)). MSU employees may use any in-network pharmacy, which includes the MSU Health Care Pharmacy.

The table below shows co-pay rates for various types of prescription drugs for BCN, BlueCard Out-of-State, and Community Blue enrollees effective January 1, 2024. Enrollees can use any in-network pharmacy for this benefit.

CVS/Caremark Prescription Plan Co-Pays for BCN, BlueCard Out-of-State, and Community Blue PPO			
#	Drug Tier	34-Day Supply Co-Pays	90-Day Supply Co-Pays
1.	Generic Medications	\$10	\$20
2.	Preferred Brand-Name Medications	\$30	\$60
3.	Non-Preferred Brand-Name Medications	\$60	\$120
4.	Specialty Drugs	\$75	90-day supplies of specialty drugs are not offered
Annual Out-of-pocket Co-Pay Maximum			
Individual: \$1000		Family: \$2000	

*90-day supply (except Bio-Tech/Specialty Drugs) may only be filled at MSU Pharmacies or through CVS/Caremark mail order.

For Employees Enrolled in the CDHP PPO with HSA:

If you are a CDHP PPO with HSA enrollee, you have different prescription benefits. Prescription drug costs under this plan are subject to plan deductible and co-insurance, and then the total cost is covered after you reach the out-of-pocket maximum. This means that you pay 100% of prescription costs until you reach the deductible. Once the deductible is met, the plan covers 80% of the costs while you pay 20% co-insurance. Once the out-of-pocket maximum is reached, prescriptions are 100% covered.

Certain preventive generic prescription drugs for chronic conditions (asthma, cholesterol, diabetes and anti-hypertensives) are 100% covered without a deductible or co-insurance.

Be sure to enroll in the HSA during Open Enrollment when you enroll in the CDHP plan to receive MSU's HSA contribution of \$750. You can use this money to pay for eligible medical and prescription costs. If you are already enrolled in the HSA for the 2023 plan year, enrollment will automatically continue for the 2024 plan year without action.

During the MSU Benefits Fair, Delta Dental will be presenting information and answering questions about the new Delta Dental PPO Premium plan. See [page 7](#) for details.

MSU offers Delta Dental PPO, Delta Dental PPO Premium, or Aetna Premium DMO to all benefits-eligible faculty and academic staff.

Aetna Premium DMO

In a Dental Maintenance Organization (DMO) like Aetna Premium DMO, enrollees select a participating primary care dentist. Their primary dental care is provided by that dentist and only at locations and by dentists that participate in the plan. Although the choice of providers is more limited with the MSU Aetna Premium DMO plan, it tends to cover a greater range of services at lower co-pays and does not have an annual maximum.

If you plan to enroll in the Aetna Premium DMO, please verify that the dentist you want to use accepts “Aetna Premium DMO” rather than just “Aetna” to avoid rejected claims.

Guidance for Employees that Enroll in the Aetna Plan

Eligibility for Aetna is determined by where you live. Please contact Aetna directly to confirm if you are eligible to enroll in this plan based on your state and zip code. Please note there are areas within Michigan that are not eligible for coverage through Aetna.

Delta Dental PPO

This plan typically allows more freedom in selecting service providers and services performed. This coverage includes a 50% co-pay on all services and a \$600 Annual Maximum and a \$600 Lifetime Orthodontic Maximum. Delta offers hundreds of participating providers and allows you to seek care from both participating and non-participating providers (you may incur additional costs if you use a non-participating provider). Contact Delta Dental for information on participating providers.

NEW: Delta Dental PPO Premium

This plan offers additional services such as sealants and adult orthodontics. It has a higher level of coverage for many dental services, including 100% coverage for diagnostic and preventative services, and a \$2,000 annual maximum and \$2,000 lifetime orthodontic maximum. Additionally, diagnostic and preventive services do not apply to the annual maximum.

During the MSU Benefits Fair, Delta Dental will be presenting information and answering questions about the new Delta Dental PPO Premium plan. See [page 7](#) for details. Additionally, visit hr.msu.edu/benefits/dental/ to learn more.

Life Insurance

MSU offers optional employee-paid life insurance to all regular full- and part-time (50% or more) employees, as well as to your spouse/ other eligible individual (OEI) and dependent children. You do not need to be enrolled to add your children or spouse/OEI.

Life insurance is offered at 1 to 10 times your annual salary. There are various levels of coverage for your spouse/OEI and children. **You must provide evidence of insurability when enrolling or increasing your life insurance coverage for yourself or your spouse/OEI.** Evidence of insurability is not required for children. Prudential will contact you via your MSU email address with instructions on how to submit evidence of insurability. Please see Dependent Age Criteria on [page 27](#).

How Much Does Optional Life Insurance Cost?

Use the charts and formulas below and on [page 27](#) to calculate the monthly cost for you, your spouse/OEI, and/or your children. Rates are different for faculty and academic year (AY) faculty. Rates are also calculated in the EBS Portal as you go through Open Enrollment. **Rates will change on the date you enter a new age bracket or if your salary changes.**

Employee Life Insurance Cost

Step One – determine the following:

1. Your salary.
2. Your rate (see Chart A.)
3. Your benefit level. Choose from 1 – 10 times your salary, up to a maximum of \$2,000,000.

Step Two – use the following formula and your answers from step one to calculate monthly cost:

$$\text{Salary} \times \text{Rate} \times \text{Benefit Level} \div 1,000 = \$\text{___}/\text{month}$$

Example

1. Salary = \$50,000
2. Age = 25, so rate = \$0.027 for faculty (according to Chart A.)
3. Benefit level chosen = 5 x salary
 $\$50,000$ (salary) x $\$0.027$ (rate) x 5 (benefit level) $\div 1,000 = \$6.75/\text{month}$

Chart A. Employee Rates Per \$1,000 of Coverage by Age

Dependent Age Criteria

Dependent children enrolled in Life and/or AD&D insurance are eligible to the end of the calendar year during which the child turns age 23 with no restrictions such as student enrollment or IRS dependency.

It is the enrollee's responsibility to cancel coverage when dependent children no longer qualify in order to stop premium deductions.

Children who become incapacitated before the age limit can continue coverage after the age limit if (1) the child is mentally and/or physically incapable of earning a living AND (2) Prudential has received proof of incapacity within 31 days. If the child becomes incapacitated after the age limit, they will not be able to continue coverage.

Spouse/OEI Life Insurance Cost

Step One – determine the following:

1. Spouse/OEI coverage level. Choose from options in Chart B.
2. Spouse/OEI rate (use age of employee, NOT spouse/OEI; see Chart C.)

Step Two – use the following formula and your answers from step one to calculate monthly cost:

$$\text{Spouse/OEI Coverage Level} \times \text{Rate} \div 1,000 = \$___/\text{month}$$

Example

1. Coverage Level = \$10,000
2. Age = 25, so rate = \$0.04 for faculty (according to Chart C.)

AD&D Insurance

Accidental death and dismemberment (AD&D) insurance through Prudential provides various amounts of coverage for accidental death, dismemberment or loss of sight whether in the course of business or pleasure. AD&D insurance is optional and paid directly by the employee via payroll deduction. Optional family coverage is also offered. This is available to regular full- and part-time (50% or more) employees, your spouse/other eligible individual (OEI) and dependent children.

You can enroll in AD&D coverage at 1 to 10 times your annual salary. Benefit levels vary by type of insurance selected (employee-only or family) and the extent of the injury. Evidence of insurability is not required. Benefit amounts for spouse/OEI and/or children are based on a percentage of your benefit amount.

Please see Dependent Age Criteria on [page 27](#).

How Much Does Optional AD&D Insurance Cost?

Use the chart and formula below to find the cost of insurance for you, your spouse/OEI, and your children. **Rates are also calculated in the EBS Portal as you go through Open Enrollment.** Rates are subject to change.

Flexible Spending Accounts (FSA)

We all spend money on medical expenses such as prescription and office visit co-pays, dental work and over-the-counter items like bandages. Many people spend thousands of dollars each year on child or elder care. An FSA allows you to use pre-tax dollars to buy these common household items and services – saving you an average of 30%!

MSU's FSA vendor is HealthEquity and they offer eligible employees two different kinds of FSAs.

The **Health Care FSA** can be used for eligible medical expenses for you and your eligible dependents.

The **Dependent Care FSA** can be used for eligible child and dependent care expenses (daycare).

Note: Due to IRS regulations, employees are unable to enroll in a Health Care FSA if they enroll in the Health Savings Account offered with the Consumer Driven Health Plan.

What's the Difference?

You have the option to enroll in two different FSA types: Dependent Care and/or Health Care. Before you enroll, learn the differences between the two. Visit hr.msu.edu/benefits/flexible-spending-accounts to find information on all eligible expenses for both the Health Care and Dependent Care FSAs.

Health Care FSA

Overview

Use money from your Health Care FSA on eligible medical expenses for you and your dependents.

Examples of Eligible Expenses

- Medical/dental plan deductible/co-pays
- Eyeglasses
- Hearing aids
- Pain relievers
- And much more!

How Much Can I Contribute?

An individual may contribute up to \$3,050. If both you and your spouse have a Health Care FSA, you each may contribute up to \$3,050. Savings vary based on your income tax rate and the number of out-of-pocket health care costs you typically incur.

Dependent Care FSA

Overview

Use money from your Dependent Care FSA on eligible child and dependent care expenses. **This plan is NOT for dependent health care expenses.**

Examples of Eligible Expenses

- Child or elder daycare
- Preschool
- Summer day camp
- Before/after school programs

How Much Can I Contribute?

A household may contribute up to \$5,000. If you and your spouse both have a Dependent Care FSA, your combined household contributions cannot total more than \$5,000 at MSU or through another employer. Savings vary based on your income tax rate and the number of out-of-pocket child care costs you typically incur.

How FSAs Work

You will confirm your contribution amount for the 2024 plan year when you enroll. Your contributions will be deducted from your paycheck and will not be taxed. See maximum contribution amounts on [page 29](#).

Carefully estimate the eligible expenses you are likely to incur in 2024. The IRS mandates any unused funds must be forfeited, so it's important you plan ahead to match your FSA withholdings to the amount you are likely to spend on eligible health care and/or dependent care costs. Review important deadlines for using your funds and submitting claims in the right side panel.

When you pay for an eligible expense, you will fill out a reimbursement request. You'll submit receipts for the expense with the request. You will then be reimbursed for those expenses with the tax-free dollars from your account(s). For some expenses, like prescriptions and office visit co-pays, you can pay directly with your Health Care FSA debit card.

Helpful Health Care FSA Information

- **Keep all of your receipts for eligible expenses.** IRS rules require FSA administrators to substantiate the eligibility of all items and services, including those transactions using Health Care FSA debit cards. Some types of expenses, like doctor visits or prescription drug co-pays, can be automatically substantiated because co-pays are predictable amounts from medical providers.
- **HealthEquity may ask you to send in supporting documentation for a card transaction.** Acceptable documentation contains the following five pieces of information:
 - Date of Service
 - Description of Service (such as co-pay)
 - Patient Name
 - Provider's Name
 - Amount of Transaction
- An **Explanation of Benefits (EOB)** from your insurance carrier contains all five pieces of information and is available from your insurance carrier if you used insurance for your card transaction.
- **Due to IRS regulations, Health Care FSAs are not compatible with Health Savings Accounts (HSA).** Employees are unable to participate in a Health Care FSA if they enroll in the HSA offered with the CDHP. Also, if your spouse's health plan has an HSA and you enroll in a Health Care FSA, you may have IRS compatibility issues. Please review the FSA FAQs on the HR website to learn about more IRS regulations.
- **Visit the FSA Store at [FSAStore.com](https://www.fsastore.com) to buy your eligible expenses online.**

HIPAA: Notice of Privacy Practices Michigan State University Health Plans

EFFECTIVE DATE

This Notice is effective January 1, 2013.

PURPOSE

This notice describes how your medical information may be used and disclosed and how you can get access to this information. Please review it carefully.

The Michigan State University Health Plans (collectively referenced in this notice as the "Plan") are regulated by numerous federal and state laws.

The Health Insurance Portability and Accountability Act (HIPAA) identifies protected health information (PHI) and requires that the Plan, with Michigan State University and the Plan administrator(s) and insurer(s) maintain a privacy policy and that it provides you with this notice of the Plan's legal duties and privacy practices. This notice provides information about the ways your medical information may be used and disclosed by the Plan and how you may access your health information.

PHI means individually identifiable health information that is created or received by the Plan that relates to your past, present or future physical or mental health or condition; the provision of health care to you; or the past, present or future payment for the provision of health care to you; and that identifies you or for which there is a reasonable basis to believe the information can be used to identify you. If state law provides privacy protections that are more stringent than those provided by federal law, the Plan will maintain your PHI in accordance with the more stringent state law standard.

In general, the Plan receives and maintains health information only as needed for claims or Plan administration. The primary source of your health information continues to be the healthcare provider (for example, your doctor, dentist or hospital) that created the records. Most health plans are administered by a third party administrator (TPA) or insurer, and Michigan State University, the Plan sponsor, does not have access to the PHI.

The Plan is required to operate in accordance with the terms of this notice. The Plan reserves the right to change the terms of this notice. If there is any material change to the uses or disclosures, your rights, or the Plan's legal duties or privacy practices, the notice will be revised and you'll receive a copy. The new provisions will apply to all PHI maintained by the Plan, including information that existed prior to revision.

Uses and Disclosures Permitted Without Your Authorization or Consent

The Plan is permitted to use or disclose PHI without your consent or authorization in order to carry out treatment, payment or healthcare operations. Information about treatment involves the care and services you receive from a healthcare provider. For example, the Plan may use information about the treatment of a medical condition by a doctor or hospital to make sure the Plan is well run, administered properly and does not waste money. Information about payment may involve activities to verify coverage, eligibility, or claims management. Information concerning healthcare operations may be used to project future healthcare costs or audit the accuracy of claims processing functions.

The Plan may also use your PHI to undertake underwriting, premium rating and other insurance activities related to changing TPA contracts or health benefits. However, federal law prohibits the Plan from using or disclosing PHI that is genetic information for underwriting purposes which include eligibility determination, calculating premiums, the application of pre-existing conditions, exclusions and any other activities related to the creation, renewal, or replacement of a TPA contract or health benefit.

The Plan may disclose health information to the University if the information is needed to carry out administrative functions of the Plan. In certain cases, the Plan or TPA may disclose your PHI to specific employees of the University who assist in the administration of the Plan. Before your PHI can be used by or disclosed to these employees, the University must take certain steps to separate the work of these employees from the rest of the workforce so that the University cannot use your PHI for employment-related purposes or to administer other benefit plans. For example, a designated employee may have the need to contact a TPA to verify coverage status or to investigate a claim without your specific authorization.

The Plan may disclose information to the University that summarizes the claims experience of Plan participants as a group, but without identifying specific individuals, to get a new TPA contract, or to change the Plan. For example, if the University wants to consider adding or changing an organ transplant benefit,

it may receive this summary health information to assess the cost of that benefit.

The Plan may also use or disclose your PHI for any purpose required by law, such as responding to a court order, subpoena, warrant, summons, or similar process authorized under state or federal law; to identify or locate a suspect, fugitive, material witness, or similar person; to provide information about the victim of a crime if, under certain limited circumstances, the Plan is unable to obtain the person's agreement; to report a death we believe may be the result of criminal conduct; to report criminal conduct at the University; to coroners or medical examiners; in emergency circumstances to report a crime, the location of the crime or victims, or the identity, description, or location of the person who committed the crime; to authorized federal officials for intelligence, counterintelligence, and other national security authorized by law; and, to authorized federal officials so they may conduct special investigations or provide protection to the President, other authorized persons, or foreign heads of state.

The Plan may disclose medical information about you for public health activities. These activities generally include licensing and certification carried out by public health authorities; prevention or control of disease, injury, or disability; reports of births and deaths; reports of child abuse or neglect; notifications to people who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition; organ or tissue donation; and notifications to appropriate government authorities if we believe a patient has been the victim of abuse, neglect, or domestic violence. The Plan will make this disclosure when required by law, or if you agree to the disclosure or when authorized by law and the disclosure is necessary to prevent serious harm.

Uses and disclosures other than those listed will be made only with your written authorization. Types of uses and disclosures requiring authorization include use or disclosure of psychotherapy notes (with limited exceptions to include certain treatment, payment or healthcare operations); use or disclosure for marketing purposes (with limited exceptions); and disclosure in exchange for remuneration on behalf of the recipient of your protected health information.

You should be aware that the Plan is not responsible for any further disclosures made by the party to whom you authorize the release of your PHI. If you provide the Plan with authorization to use or disclose your PHI, you may revoke that authorization, in writing, at any time. If you revoke your authorization, the Plan will no longer use or disclose your PHI for the reasons covered by your written authorization.

Your Rights

You have the following rights with respect to your protected health information:

Right to Inspect and Copy. You have the right to inspect and copy certain protected health information that may be used to make decisions about your health care benefits. To inspect and copy your protected health information, you must submit your request in writing to Michigan State University Human Resources. If you request a copy of the information, the Plan may charge a reasonable fee for the costs of copying, mailing, or other supplies associated with your request.

The Plan may deny your request to inspect and copy in certain very limited circumstances. If you are denied access to your medical information, you may request that the denial be reviewed by submitting a written request to Michigan State University Human Resources.

Right to Amend. If you feel that the protected health information the Plan has about you is incorrect or incomplete, you may ask it to amend the information. You may request an amendment for as long as the information is kept by or for the Plan.

To request an amendment, your request must be made in writing and submitted to Michigan State University Human Resources. In addition, you must provide a reason that supports your request.

The Plan may deny your request for an amendment if it is not in writing or does not include a reason to support the request. In addition, the plan may deny your request if you ask it to amend information that is not part of the medical information kept by or for the Plan; was not created by the Plan, unless the person or entity that created the information is no longer available to make the amendment; is not part of the information that you would be permitted to inspect and copy or is already accurate and complete.

If your request is denied, you have the right to file a statement of disagreement. Any future disclosures of the disputed information will include your statement.

Right to an Accounting of Disclosures. You have the right to request an "accounting" of certain disclosures of your protected health information. The accounting will not include (1) disclosures for purposes of treatment, payment, or health care operations; (2) disclosures made to you; (3) disclosures made pursuant to your authorization; (4) disclosures made to friends or family in your presence or because of an emergency; (5) disclosures for national security purposes; and (6) disclosures incidental to otherwise permissible disclosures.

To request this list or accounting of disclosures, you must submit your request in writing to Michigan State University Human Resources. Your request must state a time period of not longer than six years and may not include dates before April 14, 2003. Your request should indicate in what form you want the list (for example, paper or electronic). The first list you request within a 12-month period will be provided free of charge. For additional lists, the Plan may charge you for the costs of providing the list. You will be notified of the cost involved and you may choose to withdraw or modify your request at that time before any costs are incurred.

Right to Request Restrictions. You have the right to request a restriction or limitation on your protected health information that is used or disclosed for treatment, payment, or health care operations. You also have the right to request a limit on your protected health information that is disclosed to someone who is involved in your care or the payment for your care, such as a family member or friend. For example, you could ask that the Plan not use or disclose information about a surgery that you had.

Except as provided in the next paragraph, the Plan is not required to agree to your request. However, if it does agree to the request, it will honor the restriction until you revoke it or the Plan notifies you.

Effective February 17, 2010 (or such other date specified as the effective date under applicable law), the Plan will comply with any restriction request if: (1) except as otherwise required by law, the disclosure is to the health plan for purposes of carrying out payment or health care operations (and is not for purposes of carrying out treatment); and (2) the protected health information pertains solely to a health care item or service for which the health care provider involved has been paid out-of-pocket in full.

To request restrictions, you must make your request in writing to Michigan State University Human Resources. In your request, you must tell the Plan(1) what information you want to limit; (2) whether you want to limit the use, disclosure, or both; and (3) to whom you want the limits to apply—for example, disclosures to your spouse.

Right to Request Confidential Communications. You have the right to request that you receive communications about medical matters in a certain way or at a certain location. For example, you can ask that you are only contacted at work or by mail.

To request confidential communications, you must make your request in writing to Michigan State University Human Resources. You will not be asked the reason for your request. Your request must specify how or where you wish to be contacted. The Plan will accommodate all reasonable requests if you clearly provide information that the disclosure of all or part of your protected information could endanger you.

Right to be Notified of a Breach. You have the right to be notified in the event that the Plan (or a Business Associate) discover a breach of unsecured protected health information.

Right to Obtain a Paper Copy of This Notice. You have the right to a paper copy of this Notice of Privacy Practices at any time. Even if you have agreed to receive this notice electronically, you are still entitled to a paper copy.

Complaints

If you believe your privacy rights have been violated, you may file a complaint with the Plan or with the Secretary of the U.S. Department of Health and Human Services. Michigan State University Human Resources can provide you with the address upon request.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2023. Contact your State for more information on eligibility.
